Once registered, members will be invoiced annually on the date of registration. Registration benefits include:

ASDAN Pricing and Fees

- high-quality, personalised support and advice from relationship managers, curriculum experts and ASDAN centre support
- access to themed support meetings, held regularly online
- the facility to purchase ASDAN publications and materials to deliver courses
- regular mailings and updates on ASDAN developments and opportunities to participate
- access to the members' area of the website, containing assessment resources, online candidate/cohort registration, standards, meeting dates and other key information to deliver ASDAN courses

Membership extensions

An expired membership can be extended to process moderation or certification at the following rates:

- 1–3 months = 25% of annual membership fee
- 4–6 months = 50% of annual membership fee
- 7–9 months = 75% of annual membership fee

Qualification centre approval visit

The regulatory Conditions of Recognition require an awarding organisation to ensure that centres delivering qualifications:

- have adequate systems and physical and human resources in place to support the delivery and assessment of its qualifications
- fully understand the requirements of its qualification specifications, and the processes and procedures which support its quality assurance activities
- ensure that the interests of candidates are always protected

New and existing members applying to deliver ASDAN qualifications will require an approval visit which is chargeable to the centre. The centre approval visit fee is £370.

A cancellation fee of £370 may be incurred if an approval visit is cancelled less than seven calendar days prior to the agreed approval visit date.

The ASDAN centre approval process will be changing in 2024. The price advertised for 2023/24 will increase slightly to accommodate any future changes.

Qualification centre audit and quality assurance reviews

All awarding organisations are required to monitor members delivering qualifications to ensure that the systems, policies and procedures in place meet requirements for continuing compliance.

Members will be selected for an audit visit in line with ASDAN's centre auditing policy. There is no charge for either an audit or a quality assurance (QA) review, however a fee of £370 for an audit or £170 for a QA review will become chargeable if cancelled less than seven calendar days prior to the confirmed date.

Centres will be charged an audit fee in the case of any malpractice and maladministration investigation and this may include travel costs.

ASDAN Pricing and Fees

Programmes, programmes plus and customised approval

Programmes, programmes plus and customised members are subject to an approval process to ensure organisations have appropriate policies, procedures and resources in place to deliver ASDAN courses effectively and safely. Centres seeking to purchase a membership will be asked to provide policies or other documentation. There is no additional cost to the customised accreditation fees quoted in this document.

Training

Workshops

ASDAN offers a wide range of staff development and training opportunities throughout the year. Training offers an accessible introduction to ASDAN's programmes and qualifications, providing the requisite information to effectively deliver ASDAN courses.

Training is mandatory for ASDAN qualifications (CoPE, AoPE, Personal Progress, PSE, Employability, EPQ and PSD) and is highly recommended for running or planning to run any ASDAN programmes. Training workshops and webinars introduce the processes involved, offer guidance on delivery and moderation and explain how to maximise the benefits of each course. We recommend that both the centre's internal moderator/exams officer and course assessor attend training.

UK webinar costs:

- First delegate: £220
- Second delegate: £175

UK in-person workshop costs:

- First delegate: £320
- Second delegate: £280

INSET training

Arranging an in-house training (INSET) day is an alternative way of ensuring your staff are equipped to deliver your chosen ASDAN course/s. It can also encourage team building and help develop a shared approach to implementing and delivering ASDAN courses.

	INSET		
	In person	Online (half day)	Online (full day)
20 or less delegates	£1,300	£750	£1,000

The length of time needed for training varies according to your requirements and will be agreed with the trainer prior to confirming a booking.

INSET training packs:

- Standard: £15

UK webinar: Internal Quality Assurance (IQA) for ASDAN qualifications

Internal Quality Assurance (IQA) for ASDAN qualifications webinars aim to develop awareness and understanding of IQA practice. The training will support you to develop robust IQA practice at your centre, maintain high standards of submission and increase the chances of successful moderation.

- £75 per delegate

ASDAN Pricing and Fees

UK webinar: Assessment for ASDAN Qualifications (AAQ)

Assessment for ASDAN qualifications webinars aim to develop awareness and understanding of good assessment practice for portfolio-based qualifications. The training will support you to develop robust assessment practice at your centre, understand the function of the specification plus standards with guidance, achieve and maintain high standards of submission and increase the chances of successful external quality assurance.

Please note that this is not an assessor qualification – it is CPD for assessors delivering ASDAN qualifications.

- £75 per delegate

Moving On training (video)

Online training is available for practitioners delivering Moving On, with pre-recorded videos and digital training materials that can be accessed at any time. It introduces the course, along with guidance on the processes involved, course delivery and certification.

- £99 per delegate

Cancellation

Training or INSET bookings cancelled within seven clear working days of the event date will be subject to the full fee.

Requests for amendments to bookings received within seven clear working days of an event date, for example transfer to another webinar, will be accommodated where possible for an administration fee of £65.
